

## Pocket money

This year we are not providing you service of lunch and dinner. There is various number of food options around the hotel area (see Hotel Surrounding.pdf)

Average **dinner at lower-class restaurant** in Prague 10 is around **€10** with drink. If you will eat there every day it means approximately **€70** for dinners. McDonald's menu is **€8** so you can save **€130 for meal** overall the whole week. Many people are also comfortable with shopping in Tesco and then eat sandwiches or instant noodles. It is way cheaper and you can make everything at the hotel. Public transportation for 90 minutes anywhere **costs €1,20**.

We recommend to have **€250** to have brilliant week full of luxury and cheap drinks.

In case you want to do some traveling around Prague before or after event, you need at least **€50 per day**. It is price for travel card, whole day meal and some souvenirs.

*Attention: In Czech republic you cannot pay by Euros. You need to change your money to „Czech koruna“ to be able to operate and be able to buy stuff. The easiest is to change Euros (€), but you will be able to change US dollars (\$) or British pounds (£) easily too.*
